## General technical info

Power supply	400   50   3	Volt Hz Phase
Motor power	1,1 ( 1,5 )	kW ( hp )
Motor speed	2800	rpm
Acoustic emission	70	dB
Overall dimension (Width x Depth x Height)	540 x 320 x H. 300	mm
Weight standard machine	21	kg

### • Deburring unit

Workpiece thickness allowed	0,3 ÷ 2,0	mm
Support table dimension	75 x 540	mm
Workpiece width allowed	50	mm
Abrasive belt dimension (wide x length)	(2x) 20 x 500	mm

## Standard Equipments

### Machine respect CE stamp of compliance

- Machine with CE conformity mark made respecting the requirements of the most recent directives concerning it.
- Machine complete with instruction manual complete with CE conformity certificate, test sheet and exploded view with relative spare parts list.
- Machine equipped with a set of service keys suitable for the adjustment and maintenance of the machine.

### Guarantee of European standards

The stringent tests guarantee that all the requisites and standards necessary to obtain the guarantee in accordance with European standards are respected. Since the project we dedicate a lot of care and attention to making the machine with high quality level to deliver machines that last over time.

### Base

Stable bench structure with anti-vibration rubbers at the base.

### Electrical panel

Electric controls with emergency stop and anti-reset function for accidental starting and electronic overload protection.

### Handwheel

Handwheel of the tapes pressure regulation.

### Working

Deburring of the sheet above and below in a single pass.

**Abrasive belt**

Double abrasive belt mounted on the machine ready for use.

---

**Dust collection**

Dust collection drawer placed under the abrasive belts.

---

**Belt grinder cover**

Carter sander with predisposition connection system.

---

## Optional Equipments

cod. **BAS.01: MACHINE STAND**

Strong stand with anti-vibration rubber and inside a useful space for tools. Dimensions 400X400 X H.780 - KG 40

---

## Technical modification
